

CAPSOLSuite™

The Complete Intelligent Notification System

GENERAL INFORMATION:

Intelligence is a sometimes-overused phrase. When information is collected and processed to notify you of an event prior to it occurring, the intelligence is invaluable. CAPSOLSuite is a complete intelligent group of products. Each can operate independently, but when used interoperability, provides effective layers of intelligence to Identify, Analyze, Notify and Take Action to increase life safety. **Protecting lives under your watch is a continuous process.**

!!!CAPSOLControl provides a complete integrated solution for pre-event identification and manual or automatic notification of a pending event so you can ACT.

CAPSOL's rules engine does the work for you, eliminating the need to constantly watch or monitor incoming data or a computer screen.

!!!CAPSOLControl products can be used individually, integrated seamlessly together or connected to other systems. Making it easy for you to identify and act during an emergency is paramount.

Records to assist in compliance with OSHA 1910.165 Employee Alarm Systems, Department of Education Title IX and Clery Act are part of the program. History and data are available and downloadable in Excel or PDF format.

NO ONE IS IMMUNE TO THREATS OR VIOLENCE **CAPSOL is an effective tool in:**

Schools • Colleges and Universities • Hospitals
